Privacy Rights of Parents and Students

The school district and its employees are required by federal law and state and federal rules and regulations to protect the rights of students. The foundation of these rights comes from federal legislation entitled Family Educational Rights and Privacy Act of 1974 (also known as the Buckley Amendment). There are some rules and regulations dealing with regular and special education students' rights and privacy. All students are covered by the state regulations contained in Chapter 12, known as Students' Rights and Responsibilities. The basic premise of these laws, rules, and regulations is that information about students cannot be disclosed without written parental consent. A more detailed description of the Family Educational Right and Privacy Act can be found on our website under, "Annual Public Notice".

Procedures Regarding Handicapped Students

The Hermitage School District assures all handicapped students will be provided with an equal opportunity to participate in extra-curricular programs and activities as are non-handicapped students. Handicapped students will be provided with reasonable support services or accommodations in accordance with individual needs. If you feel a handicapped student is in need of additional support services, or if you have any questions, concerning this, please contact the Director of Special Services at (724) 981-8750 ext. 6015.

Chapter 15 Protected Handicapped Student

A protected handicapped student is a school age student with a physical or mental disability which substantially limits or prohibits participation in or access to any aspect of the school program.

In compliance with State and Federal Law, Hermitage School District will provide to each protected handicapped student without discrimination or cost to the student or family, those related aids, services, or accommodations which are needed to provide equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities to the maximum extent appropriate to the student's abilities.
